Appendix

referred to in Chapter 1 of Annex VII (*)

List as provided by Cyprus in one language of pharmaceutical products for which a marketing authorisation issued under Cypriot law prior to the date of accession shall remain valid until it is renewed in compliance with the *acquis* or until 31 December 2005, whichever is the earlier.

Mention on this list does not prejudice whether or not the pharmaceutical product in question has a marketing authorisation in compliance with the *acquis*.

The attached lists A and B indicate the pharmaceutical products for human use and the veterinary medicinal products respectively, which are currently in circulation in Cyprus. These products were granted their initial marketing authorisation/licence based on the old, non-harmonised legislation.

The marketing authorisations of all pharmaceutical products listed, will be renewed (if requested by the manufacturers and/or importers) during 2004 and 2005 in accordance with the provisions of the new, harmonised legislation and eventually, fully harmonised dossiers will be achieved by 31 December 2005.
